Asst. U.S. Attorney: George J. C. Jacobs, III Date Supervision Commenced: August 11, 2022

Defense Attorney: Justin Lonergan Date Supervision Expires: August 10, 2032

PETITIONING THE COURT

To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 1/31/2023 and 2/21/2023.

Mr. Bevans' conditions of supervised release were reviewed with him on August 12, 2022. He signed his judgment acknowledging an understanding of his conditions.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

5	<u>Mandatory Condition # 2:</u> The defendant shall not commit another Federal, state, or local crime.
---	---

Supporting Evidence: It is alleged that Mr. Bevans violated the terms of his supervised release by committing the federal felony criminal offenses of possession with intent to distribute 50 grams or more of actual (pure) methamphetamine and possession with intent to distribute 40 grams of fentanyl.

Specifically, on January 31, 2023, at 4 p.m., per Liberty Lake Police (LPD) report 2023-88000549, an LPD officer observed a vehicle that had multiple law enforcement contacts. The most recent being on January 9, 2023, when Mr. Bevans was driving this vehicle and was subsequently arrested on a Washington State Department of Corrections (DOC) warrant. The LPD officer observed a male in the driver seat and a female in the passenger seat. The

LPD officer pulled up a recent booking photo of Mr. Bevens in which he determined the male in the driver seat resembled Mr. Bevens. The LPD officer ascertained and confirmed that Mr. Bevens now had another DOC warrant for his arrest which was issued on January 20, 2023.

The LPD officer observed the vehicle pull into a gas station and other LPD officers arrived on scene. As the male in the passenger seat exited the vehicle it was determined to in fact be Mr. Bevens. He was then arrested on the aforementioned DOC warrant without incident. An LPD officer then made contact with the female in the passenger seat. Inside the vehicle, the officer observed, in plain view, an open top small plastic jar with a white crystal type substance which he recognized to be methamphetamine from his training and experience. Mr. Bevens was subsequently informed of his Miranda rights and indicated he understood and agreed to speak with a LPD detective. Mr. Bevens initially denied possessing any type of controlled substances but then admitted to carrying "100+" grams of methamphetamine in a backpack in his vehicle. The LPD detective applied for a search warrant to conduct a full search of the vehicle being driven by Mr. Bevens to include a warrant granting analysis of his cellular telephone. The Honorable Judge Michael Price reviewed and signed a full search warrant of the vehicle and the warrant granting analysis of Mr. Bevens' cellular telephone.

On February 1, 2023, LPD officers conducted a search on the aforementioned vehicle being driven by Mr. Bevens. Located inside the vehicle was approximately 9.4 grams of suspected methamphetamine, several hundred small blue pills (believed to be fentanyl) packaged separately in several different bindle bags, and approximately 3 grams of heroin. Also located were digital scales, a stolen laptop, approximately \$1,100 cash, along with several other items associated with delivery of narcotics.

On March 7, 2023, in the Eastern District of Washington, Mr. Bevens was indicted on the aforementioned charges creating case number 2:23CR00025-TOR-1. On March 9, 2023, Mr. Bevens made an initial appearance and arraignment on 2:23CR00025-TOR-1 and the government's motion for detention was granted.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: 03/13/2023
